## BAD ELEPHANT MEAT

Toledo's Pet Dances Tango on His Keeper's Head.

Toledo people made a lively campaign a year ago to buy elephant meat, and finally succeeded in obtaining enough money to buy "Babe," a trained elephant, from a circus.

"Babe" has been very popular in the Toledo Zoo until last Sunday, when he took a notion in his head that he didn't like the language used by one of his trainers, Michael Raddatz, who was endeavoring to prepare him for carrying passengers. The Times says:

"Suddenly Raddatz became irritated by the stubborn actions of the beast and is said to have made a motion to strike him on the head. As he did so the angered elephant felled him with his trunk and then attacked him viciously.

Raddatz' chest and abdomen were gored by the pointed tusks and his head was tramped on. The spectators became panic-stricken and fled for their own safety.

L. S. Scherer, head keeper, procured a hook and jabbing the sharp prong in the animal's hide finally subdued him and led him into the ring where he was securely chained.

About an hour later, Raddatz died from the effect of his injuries.

## FARMERS SUPPORT COLE

Because of His Activity in Their Behalf as Congressman.

Through the operation of the present Democratic tariff law, which placed wool on the free list, the wool industry of Ohio and the United States has suffered seriously.

Because of the consistent and untiring efforts made by former Congressman Ralph D. Cole, of Findlay, now a candidate for the Republican nomination for the United States Senatorship to promote the welfare of the wool growers, of not only Ohio, but the entire country by retaining the tariff on wool, the wool growers of Ohio, as well as agricultural interests in general are giving him support for the position which he seeks.

In an article printed in the "American Sheep Breeder and Wool Grower" of Chicago, the sheep breeders' official paper of the United States, an enthusiastic view is taken as to the need of his election. The paper says that Mr. Cole should receive the enthusiastic support of every farmer and wool grower. No member of the House labored more diligently than he for the interest of his district during the tariff session of Congress.

## 50 ACRES OF LAND

Close to the river road, between Rossford and Perrysburg. Buildings poor. Possession given in March, 1915.

A. T. DEWLAND.

## OHIO'S BEST

Twenty-ninth State Convention of Christian Endeavorers of Ohio.

One of the largest gatherings held in the State of Ohio is the annual Christian Endeavor convention, this year to be held in the city of Steubenville. This organization is one of the strongest in the state, having a membership of over 165,000 young people and 2,500 societies in the state.

Every indication points to the Steubenville convention as a realization of the slogan adopted by the Steubenville committee: "Ohio's Best."

## NEW CHURCH AT MOLINE.

Evangelical Congregation Begin Work on New Building.

Work has just been begun on a new Evangelical church here, Rev. C. B. Vandersall being pastor of the congregation. The old building has been razed and a new structure of brick veneer will be erected, to cost \$7,000. The building committee consists of E. M. Gross, Andrew Kern, F. B. Keller, G. D. Blandon, Rev. C. H. Vandersall, John Isch, F. J. Schriber and James Jeffery.

## IT PAYS TO SPRAY

Many Orchards Saved From Destruction By Careful Spraying.

Actual results illustrating the benefits of spraying fruit trees are shown in the orchard of E. R. Clark, of Preble County, Ohio. A year ago the foliage and fruit in his young orchard was entirely destroyed by leaf curl. This was the direct cause of Mr. Clark's decision to spray for this disease. Two dormant sprays were made during last November and December and the orchard was gone over again this spring. As a result peach trees are in full foliage, and there is prospect for a bumper crop of fruit. The contrast is further brought out by the fact that two trees, located forty feet from the main orchard, which were overlooked and not sprayed, have lost both fruit and foliage again. The entire orchard was also at one time badly infested with San Jose scale. Starting last year Mr. Clark sprayed well for this. Samples taken a few days ago from formerly infested trees were pronounced entirely free from scale by an expert from the Ohio Experiment Station.

## FARMERS' INSTITUTES.

Farmers' institutes for Wood county, granted State aid, will be held at the following places:

Bowling Green, Prairie Depot, Bloomdale, Grand Rapids and Perrysburg.

## WE WILL MEET AGAIN

On the Beautiful Banks of the Classic Maumee River.

From intelligence received by the Journal we are convinced that the proposed Home Coming for Perrysburg next August 5, 6, 7 and 8, will be the occasion for the reunion of many old friends and neighbors. We are receiving letters from all parts of the country bearing the news that "we will be there." Others tell us that they are only waiting for the time when they will "gather at the river" once again.

Mr. W. A. Lewis, of Marysville, Cal., informs us that he knows of no reason now why he should not come across the continent to once more visit his native village, see the old school, and those who are still here and remember the days of thirty-six years ago when he was living on the banks of the beautiful river. He wants to see once more, the Big island with its fertile acres of grain, and go up the stream to the locks of the old "side-cut" canal on the Maumee side, where as lads we would jump over the spill-way into the water with the bill fish. Do you remember? To which the Journal certainly can say: "Yea, verily, it is so."

It was an enthusiastic meeting last Friday night when the Entertainment committee were digging into the mysteries of the show business and making plans and contracts for the grand event which shall mark Perrysburg as one of the towns on the map where a good time is assured. Unless we misunderstood the situation we feel safe in posting up a wager that the big celebration of Ft. Meigs in 1857 was only a small side show to the event that is now being planned and for which the Civic association has pledged a large sum of money for the purpose of securing features of entertainment that will make pictures on the clouds that may appear in the sky over the entire Maumee valley.

To those people who have resided away from Perrysburg for the past five or more years the Journal desires to call attention to the fact that Louisiana avenue (now called Main street for convenience) and Second street have both been paved with brick. Louisiana avenue is 90 feet wide and as smooth as the finest brick paving will make it. Second street is also a beautiful street paved with brick to the width of 28 feet. The big show will be held on these two streets, the canvas enclosure being set up near the intersection of Front street and continuing down Louisiana avenue to the middle of the square between Second and Railroad streets, and will also extend north and south on Second street, thus making it the largest enclosure of its kind ever set up in any town of less than 10,000 inhabitants. This arena will be filled with interesting attractions that will put on a continuous performance from the morning of August 5th until the chimes of midnight announce the closing of the week on the night of the 8th.

## OLD FORT MEIGS FARM

Will be sold, from 5 to 10 acres, to suit purchaser. Finest location on the Old Maumee.

A. T. DEWLAND.

## BOARD OF EDUCATION

Selected for Wood County by Delegates from Various Boards.

Delegates from the various school boards of the county held a meeting at Bowling Green on Saturday last and elected five members to comprise the new county Board of Education.

The new law requires the delegates to meet and elect by ballot five members of the board to serve one, two, three, four and five years respectively.

Considerable interest was manifested in the balloting which resulted in selecting the following:

After a lively battle of ballots which lasted for three hours the following result was announced.

Five year term—John S. Hoyman, Pemberville.

Four year term—H. B. Saylor, Rudolph.

Three year term—Milan Jameson, Dowling.

Two year term—Dr. E. A. Powell, North Baltimore.

One year term—T. H. Tinney, Lima City.

The board will organize on the 17th of July at which time the County Superintendent of schools will probably be selected.

## ASSOCIATION MEETING.

Every member of the Perrysburg Civic association should remember the meeting for Thursday evening, June 18th, at 8 o'clock. The time for the Home Coming is rapidly drawing near and every member should attend the meetings in order to assist in the boosting of the BIG SHOW.

## METAMORA LOST

It Was a Shame to Treat Them So Badly.

Perrysburg took the strong Metamora team in camp Sunday to the tune of 10 to 2.

Metamora started in well with four hits and two runs in the first inning and began to boast of an easy game, but that was as far as they got.

The locals tightened and scored in every inning but the fourth. The team work of Perrysburg featured.

Metamora wants a return game at their town, so be on the lookout for the special car and be one of the rooters.

The score follows:

1 2 3 4 5 6 7 8 9—R. H. E.  
Metamora..... 2 0 0 0 0 0 0 0—2 7 3  
Perrysburg..... 1 1 1 3 1 2 1—10 10 3

Batteries—Metamora, Waterbury and Goodwin.  
Batteries—Perrysburg, F. Canode and Mayo.

Next Sunday the strong Jaek Colts of the Toledo Trolley League will be here to defeat the Perrysburg boys if it can be done.

The Jaekes have the reputation of being one of the strongest teams in Toledo and a good game can be assured.

Coughs and Colds Weaken the System  
Continued Coughs, Colds and Bronchial troubles are depressing and weaken the system. Loss of weight and appetite generally follow. Get a 50c bottle of Dr. King's New Discovery today. It will stop your cough. The first does helps. The best medicine for Stubborn Coughs, Colds and all Throat and Lung Troubles. Mr. O. H. Brown, Muscatine, Ala., writes: "My wife was sick during the hot summer months and I honestly believe Dr. King's New Discovery saved her life." Good for children. 50c. and \$1.00, at your Druggist.—Adv.

## SOME OBSERVATIONS

Concerning Nothing Very Serious But Worthy of Thought.

Toledo's "pet" elephant killed his keeper last Sunday, and now he is regarded as a "bad" elephant. Well, if a human being was taken from his own people and country, chained up in a park and compelled to do "stunts" for the amusement of a crowd, beaten and "hooked" by any person who might be selected as his keeper, would it be surprising if he broke loose and killed a few of his tormentors? Well, we think not. Even in our present state, we sometimes feel very much like doing the elephant act.

"Wa-be-ne-gew-wes" is the name of a Chippewa Indian, 128 years of age, whose skin is so wrinkled and dry it looks like parchment, is much surprised at the city wonders, while the city people wonder how he lives to such a remarkable age. Nothing remarkable about it in our opinion. Just think of St. Peter trying to call that name?

A Chicago woman who owns a truck garden wants a horse and offers to marry a man who has a horse to bring with him. Poor woman! She may get the horse alright, but her offer will probably be accepted by a jackass.

Two hundred and seventy members are now enrolled on the Roster of the Perrysburg Civic association. There is not another town in the United States that can show so good a record.

It takes only a few hours and a suffragette to burn down an English church 400 years old.

Hard facts in the shape of silver dollars are always appreciated.

A box of money having found its way to the coast of Mexico it is assumed that Gen. Huerta will follow presently.

Now that Shamrock IV has been successfully christened and launched, there's nothing left, apparently, but to have it successfully beaten.

In time of safety it is just as well to find where the fire escapes or the lifeboats are and to try on the cork belts.

That China knows a pretty good thing is proved by its going into partnership with Standard Oil.

When it comes to falling in love, a girl is equal to the occasion.

## LIME CITY BEAT MAUMEE

On Sunday afternoon last Kleeberger's Klippers journeyed to Maumee and mopped the earth with the Ball players of that village.

The game was witnessed by a large crowd who were much interested.

The score was 12 to 8 in favor of the Lime City team.

Next Sunday Lime City will entertain the Rossford team and the battle will occur on the Lime City grounds with the prospect of considerable excitement.

Herman is feeding his men on red pepper this week so they will be "hot stuff" when the Rossford men arrive.
